Gaylon Smith	Loyd Todd	Debrah Wolfe	Ref Bagley
Andy Daniel	Stephen Nelson		

Go on-line at missourisurveyor.org and click on the Ozark Chapter link for our newsletter and more!

OLD BUSINESS

Minutes were approved and accepted.

Once again, the issue of professional development units regarding the “Minimum Standards” qualification have been brought to the table. It appears there is an unclear settlement when the requirement will be active to each pursuant. Mike Gray from Anderson Engineering will have the latest requirements regarding the standards at the next business meeting.

We are in the process of pursuing advertisement and public awareness through the Springfield Cardinals. We are also considering a public radio session.

NEW BUSINESS

Congratulations to our illustrious President, Mr. Jack Dill on his recent cruise vacation and celebration of 25 years of bliss. Now isn't that just fine and dandy!

The main topic of discussion is our July seminar and cookout. Faro Technologies will present Laser Scanning. This will be our annual burger and brat cookout with all of Connie Todd's goodies. We have been approved for one (1) professional development unit for this cookout/seminar. Chapter members are free, for non-members there will be a \$20.00 fee. Please R.S.V.P. to Christopher Strong at Mathews & Associates, 838-5005. Peter Stevens has sent in for pre-approval for a seminar in August regarding Minimum Standards to be presented by the Ozark Chapter..

Please contact Kevin Tyler if you are not receiving the news letter via e-mail.

*We are now collecting 2006 dues
You are encouraged to be a local and state member*
