OLD BUSINESS

Due to the October Seminar all business has been tabled until November. Our thanks to Pete Stevens and all who helped make the seminar a great success. The status of changes and finalization of the Greene County subdivision regulations is still pending. The Missouri State University surveying classes are looking for anyone wishing to donate surveying instruments for class use. The Ozark Chapter may look into buying an instrument to donate to the classes. We are waiting for a final word on the requirement for PDU's in Minimum Standards before renewing your license, more information and clarification to be forthcoming about the date of implementation. The Christmas party will be held at Burrs 2708 South Glenstone across from the Battlefield Mall. On December 13 2005 Nominations for next years new Officers are as follows:

President-Jack Dill, President Elect-Stephen Nelson, Vice President-Jerry Anderson, Secretary Treasurer-Kevin Tyler

NEW BUSINESS

Christian County Planning and Zoning now has a new department head. The State Land Survey Advisory Committee is in the process of digitizing all documents including notes and plats which can be ordered. William Childers is helping Mike Flowers to accomplish this but they need our help. The program to convert from document to digital is totally fee funded but some in the legislature want to take a portion of the fee money and put it to other use. Please let the legislature know to let DNR keep the money for the project. We are looking for volunteers to help out the boy scouts with the qualifications for their Surveying badge.

AGENDA

New registration Requirements

You are encouraged to be a local and state member
