IV. New business

No new business to report

Adjournment

Paul Taylor adjourned the meeting at 6:45.

CALL FOR PHOTOGRAPHS!

As mentioned in earlier newsletters, we are in the process of assembling material for a Land Surveying exhibit in one of the display cases at the Library Station Branch (North Kansas Expressway) of the Springfield- Greene County Public Library. The exhibit will include a digital picture frame that will cycle a series of photos that will hopefully present Land Surveying as a modern, dynamic profession. Photos of surveyors using Total Stations, GPS, Laser Scanners, and other high tech equipment would be a great addition to the exhibit. Any members who have photos they think would be appropriate are asked to send them to me for use in the display. (pstevens@mai-eng.com)

At the March meeting, Vivian Wasson, a GIS technician with City Utilities of Springfield, offered to take photos of field crews on the job site to be used in the display. Any surveyors who would like to have Vivian take photos of their field crews are welcome to contact her to discuss the possibility.

Vivian Wasson's contact information: vwasson@sbcglobal.net ph: 881-7571 cell: 224-2185

Thanks!
